

The best at the lowest price at HOPP'S.

A lady said yesterday:

"I haven't seen any big advertisement of yours, so I don't suppose you have any bargains to offer."

She was right—and she was wrong. We haven't been spending a fortune in the papers—but we ARE selling reliable Furniture just as cheap as it can be bought in the United States, we believe. We never allow ourselves to be undersold for equal values. This lady looked about the store a little—and bought.

We are still carrying out our promise of each week making a special price on some one article. This week

WAS FOUND DEAD

Body of Akina Discovered in Kahului River.

Portuguese Complain of Wide Tires. Thursday Club Meets—Few Cases for Court Term.

(Special Correspondence.)

MAUI, May 21.—On the 18th the dead body of Akina, a Chinaman between 50 and 60 years of age, was found in Kahului river near the beach. The cause of his death was not known.

A number of Portuguese of Kokomo, Makawao, complain that the wide tire act will work a hardship on the poor man by compelling him to make the change from narrow to wide tires.

Heavy roars and rumbles, resembling cannonading, on the other side of Lanai, caused Kula residents to fear that the Spanish were coming. They decided that it was only thunder.

During the afternoon of the 19th, seventeen Makawao ladies attended a meeting of the Thursday Club held at the residence of Mrs. W. O. Aiken of Hamakua. The program, arranged after suggestions by Miss McDonald of Honolulu treated of "George Eliot." The program was as follows: Character Sketch, Mrs. Geo. E. Beckwith; Selections from "Mill on the Floss," by Miss Schweizer and Mrs. R. F. Engle; Vocal Solo, "Maid of the Mill," Miss Fleming; Poem, "Brother and Sister," Mrs. J. J. Hair.

The meeting was most interesting and successful. The next assembling of the club will occur in three weeks at the residence of Mrs. D. C. Lindsay of Paia. The subject of "George Eliot" will again be taken up.

The next jury term of Court will be held at Wailuku beginning Wednesday, June 1st. The calendar is said to be short and to contain few important cases.

Today, the Makawao Fence Commissioners will decide the matter of fencing the boundary division line between Kula lands belonging to Erehorn Cattle Station and Awana.

The H. C. Co. are putting in a third line of piers, thus broadening their landing at Kahului which now extends 240 or 250 feet into the bay.

During the week the schooner Albert Myer arrived from Fort Bragg, Cal., with a cargo of lumber for H. C. Co. She made the trip in 17 days.

Today, the schooner Metha Nelson, Rice master, will sail for San Francisco with a cargo of Paia and Hamakua sugar.

For weather, unusually heavy trade winds prevail.

A RAID.

Police Make a Sudden Descent on Pake Gamblers.

Deputy Marshal Chillingworth and about nine members of the police force made a raid on the gambling den situated in the rear part of the old Chinese theatre Saturday night. There were promises of a very big haul, but as soon as the officers entered the theatre building on a run some of the Chinese communicated the fact to the gamblers in back so that, when the raiders reached the dens, they found only one occupied and the men in this were just leaving. The gambling apparatus were still on the tables but the yellow birds had flown from the cages. In the occupied room some money and other objects of evidence were taken and about twenty men arrested and taken to the police station.

One very valuable fact, of importance to the Board of Health, was developed during the raid. As the Chinamen were running out, three ran for a hole near one of the outhouses and dropped into a lot of filth and slime before the officers could get hold of them. It seems that a greater part of the back yard of the theatre is nothing but a pest breeding hole covered with boards.

REWARD OF MERIT.

At the CHICAGO CYCLE SHOW in 1897, each visitor on entering the Show was handed a coupon reading as below:

"After viewing the exhibits, kindly fill in the name of the Bicycle which pleases you best as regards beauty and mechanical merit, and deposit the coupon in ballot box near exits. Name of Bicycle....."
The "Shirk" received 17,489 ballots against 12,377 the next highest. When it is known that all the leading makes of wheels in the United States were on exhibition at this Show, the above speaks for itself. The HONOLULU BICYCLE CO. have secured the Agency for this strictly high grade wheel. IT WILL INTEREST YOU TO CALL AND SEE IT.
THE SHIRK is the best thing that ever happened.

SATURDAY'S HOUSE SESSION.

Garbage Removal Appropriation. Fish Inspector's Salary.

Rep. Achi reported as follows for the Special committee to whom were referred petitions regarding the records of courts in other than the First Circuit, as follows:

"Upon inquiry made by us through the Chief Justice and the Chief Clerk of the court we find that the clerks of several circuits are working on to make new records of all the courts; but we believe the original records of the other circuits ought to be kept in Honolulu where the people can get all information they need in short time, and where the chief clerk controls them at all times; the committee also believing that this Legislature will make an appropriation for a fire-proof vault in the Department of the Judiciary."

The consideration of the appropriation bill was resumed.

Upon consideration of the item of pay for fish inspector it was decided to raise the salary to \$75 per month or \$1800 for the two years. It was represented that Mr. Kellipio's was a very important and responsible position and also that the amount of work was very great; therefore he should be given a proper salary. The item of \$1800 passed unanimously.

When it came to the item of \$9,720 for pay roll, removing garbage, Rep. Pogue contended that owners of property should be made to clean not only their yards but the sidewalks and streets outside of their places. The people of the outside districts should not be made to pay for the people in the city. They can be forced to do what they now have done for nothing by the Government.

Rep. Gear moved for the passage of the item of \$9,720 for the removal of garbage.

Rep. McCandless suggested that private individuals be allowed by the Government to carry on the business of removing garbage. It would however be wrong to strike out the item at the present time as there was no provision for a system to be carried on by private individuals. The item finally passed, Reps. Pogue, Richards and Paris voting in the negative.

After consideration of the remainder of the items under the Board of Health, the House adjourned at 12 m.

RAPIDLY DISAPPEARING.

A Foolish Man

Is he who declares he never pays any attention to statements appearing in newspaper advertisements. What other means have we of attempting to convince you that ours is the best place for you to patronize when in want of anything in the line of Suitings or Gents' Furnishings? Of course, if you will examine our stock our task would be greatly lightened. As to the prices—they are consistent to the times and more so than the prices of others in our same line of business.

QUO VADIS! Whither Goes Thou?

THIS IS NO DOUBT A DIRECT QUESTION. IMPORTANT IN ITS tone, but concise in its meaning. It is not our wish to question the intent of individuals, nor to prey into the affairs of others. Our main object of inquiry is in a business sense. Do you need a pair of Shoes? Are you looking for value? Are you seeking the latest style? Why not? If not. The one thing you cannot go without is Shoes.

To get a pair, where are you going?

For one month I propose to make a big cut in

Horse Supplies.

Here is a partial list of the goods on which the cut will be made: Salt Sacks, Horse Boots, Sheets, Hoods, Scrapers, Bits, Sponges, Brushes, Bandages, Ointment, Condition Powders, Embrocation.

Many of these goods are cut 50 per cent. making them lower than ever before and lower than you will be able to buy them for a month from now.

SPECIAL NOTE:—This ad. made its appearance for the first time May 1. Since that time the response has been very generous. Don't wait too long.

SPECIAL NOTE NO. 2:—The fact of active war being in existence will bring the price of these goods up higher than before the cut. Better invest now.
